Language Education

Secondary schools:

- Language schools are professional secondary education schools in which most of the subjects in the national curriculum are taught in a language other than Bulgarian, depending on the language of instruction chosen by the student. There are English, German, French, Russian, Italian, Spanish language schools and a Classical Language School in Bulgaria.
- About 85% of the all students in schools (512 766 for 2008/9) learn English language.
